

**CHILDREN'S DAY CELEBRATION
on 14th of November.**

Children's day celebration at our MVM began with a welcoming assembly for the students conducted by the teachers, with musical performances done by teachers from different departments.

The school shared the happiness of the occasion by gifting the students grade wise presents.

FIBONACCI DAY

Other special days' celebrations included the FIBONACCI DAY observed on November 23rd marked by the Math department organizing grade wise events and the CONSTITUTION DAY observed on 25th of November marked by special activities grade wise showcasing the significance of the Constitution and an awareness against the social evils.

The month of November in our school was also marked by our students winning laurels in many interschool competitions conducted by various schools in Chennai.

CELE FIESTA conducted by the New Prince Sri Bhavani School, **FAIRY FIESTA** by St. Johns Senior Secondary school, **BELIEVE YOU CAN** by the St. Britto Academy, Children's day State level competition conducted by the Bharat Jeevanadi, **RISHS STAR QUEST** conducted by the RISHS International school were some noteworthy ones. Our performance excelled and made us win the Rolling trophy.

Moreover our students also participated in **SUSHRUTHA SCIENCE EXPO 2022** conducted by Maharishi Vidya Mandir (Thiruvatriyur) and won the special prize for their exhibit on 'Disaster management'. Students from our KG Department also proved their brilliance among the other group schools of MVM in the Inter School Science Expo, by bagging their award.

Our students also outshined in the Sports events conducted by various organizations namely **THE OPEN STATE BADMINTON TOURNAMENT** conducted by 'The Stop and Play Badminton Academy', **'NATIONAL KARATE COMPETITION 2022'** etc.

GLIMPSE OF NOVEMBER 2022

at Maharishi Vidya Mandir, Kovilambakkam

“If the thought is useful and creative, then the action will be useful and productive.”
- Maharishiji

SCI WORLD 2022

A PIONEERING SCIENCE EXPO BY THE KG DEPARTMENT

The educational philosophies of 'Realism' and 'Pragmatism' focus on the role of scientific observation, experimentation and hands-on learning to impart problem solving skills in students. Children being inquisitive love to unravel mysteries around them by inquiry.

We, at MVM, Kovilambakkam, wanted our KG children to relish the aroma of the significance of Science and wanted them to explore their imagination. This led us to initiate the first expo of science projects by our KG Department, the SCI WORLD 2022.

On 19th of November, 2022, the first Sci-World 2022 was inaugurated by Smt. Nancy Ramesh, Head Mistress, MVM, Bala Bhavan. It was also honoured by the presence of our Senior Management committee, our beloved Correspondent and the Joint correspondent and our Directors. The event began with the lighting of the lamp by our Chief Guests, Principal, Vice Principal and the Academic Advisor.

The concept had a hesitant acceptance from the parent community initially. Once it got kick started the enthusiasm shown by the parent-teacher-student community was astounding. The children were given various scientific themes to prepare as projects. Natural phenomena like volcano, capillary action etc., human systems like the digestive system, scientific man made innovations like the invisible ink, different modes of transport, the enviro battery, the efficient science of waste water management were some of the brilliant topics exhibited. The tiny tots at the age of 3 to 5 portraying great innovators like Sir Isaac Newton, Alexander Graham bell, A.P.J Abdul Kalam, Galileo, Albert Einstein thereby expounding their inventions and discoveries made the audience awestruck.

55th NATIONAL LIBRARY WEEK CELEBRATION.

To quote Sidney Sheldon 'Libraries store the energy that fuels the imagination. They open up the windows to the world and inspire young minds to explore, achieve and contribute to improving our quality of life.'

The week long celebrations of the 55th National library week during the second week of November, at our school, included a variety of creative activities for students across the school.

Every day began with a student giving a book review on the book of their favourite author that had fascinated them in the school assembly. Different activities followed thereby.

Lower primary students showcased their love for juvenile literature by portraying famous characters during the fancy dress show.

Upper primary students revealed their creativity by making book marks carrying quotes of popular authors from various child literature works. Yet another activity encouraged the evolution of budding script writers among the students.

To crown all the events, students from the middle school were given an opportunity to visit one of the huge custodian of books, the 'Anna Centenary library' a state-of-the-art library which hosts five lakh books. Students were enthralled by the giant magnitude of the multistoreyed gateway of wisdom. Students were guided around the library to various sections. The Tamil literature section was the centre of attraction for the children as there were numerous great literary works of the Sangam were preserved as manuscripts.

Creating book marks that inspire!!

Budding script writers!!

Enthralled by the preserved manuscripts of the Tamil literature.

Sharing their wisdom with their fellow school mates!

Visit to 'The Anna Centenary Library'.

The children's section also fascinated them. They had an opportunity to share their wisdom with their fellow school mates in the common arena in the Library.

The entire week of celebrations thus made the students realize the quintessence of love for the Library whatever be the evolved form of it be and understand that books are uniquely portable magic that cannot be superseded by the form of technology.
