

‘SYNCHRONY’- A BLEND OF ACADEMICS AND ART.

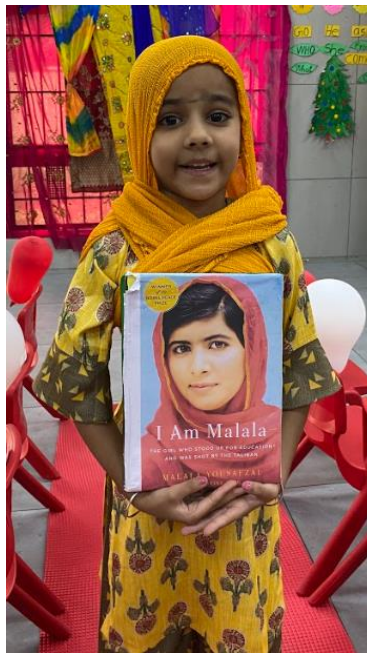

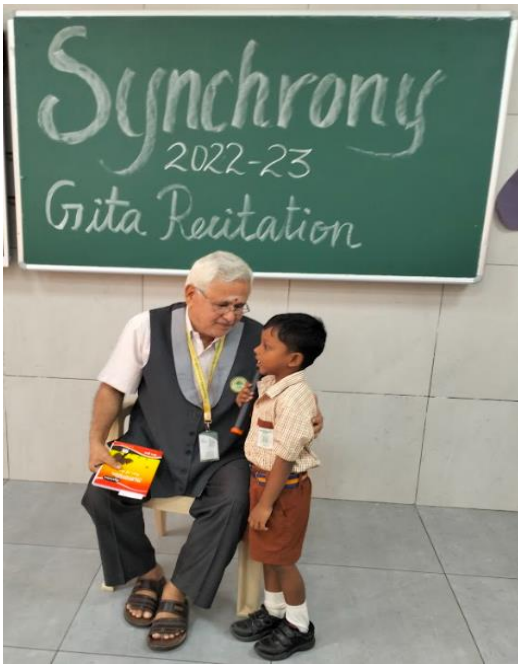

A Novel creation integrating visual and performing arts with the academic essence.

The prime motto of the modern education is to build a stronger world with diligent youth who are global citizens of tomorrow. This need demands a holistic approach and a strategic vision.

In Maharishi Vidya Mandir, Kovilambakkam, we have the vision of envisaging a healthy and a wholesome personality in a child. Interdisciplinary understanding is crucial for such Modern student thinkers. Thus evolved our novel idea – the creation of ‘SYNCHRONY- 2022-23’. It is a series of competitions across the school (INTRA SCHOOL) in which the academic concepts learnt by the students get blended with those of the performing arts. Department wise the competitions were planned meticulously to bring out the academic essence flavored with artistic touch.

The entire school was categorized under four different age groups and each Department had a brain storming session to choose the events. There were brilliant themes which blossomed as a result. The uniqueness of our show was in the choice of our events. Tiny tots reciting Vivekananda’s quotes, slokas from ‘The Bhagavad Gita’, making rangolis with flowers, the ramp walks portraying great personalities like Yusuf Malalah, Mother Theresa, Velu Nachiyar etc all by the KG department, computer parts, scrap art, best out of waste, flora and fauna of exotic species etc all being personified by the primary kids in a fancy dress display, Aathichudi in Sanskrit and mono-acting portraying great leaders in Hindi rendered by the middle school students, Triangles and angles depicted by the middle school students in Yoga forms, band music ‘Sci-tunes’ (presented from the instruments designed using recycled materials) with lyrics written and choreographed by the students, theatrical performances in the form of drama (‘parts of Speech’, ‘R.K. Narayanan’s Malgudi Days’ etc by the English Department, ‘Unity in Diversity’ & ‘Revolt of 1847’ by the Social Science Department, ‘Kadadi yezhu vallalgal’ by the Tamil Department) are a few to name. It was ‘Synchrony of learning through art’ throughout.

CELEBRATIONS OF THE REGIONAL FESTIVALS IN MVM, KOVILAMBAKKAM

New year in the Gregorian calendar is marked by festivities all over the world. New faith and hopes bloom with the. One such festival is the 'Thai Pongal' marking the harvest season throughout the Indian subcontinent. In MVM Kovilambakkam, the Tamil month of Thai began by bidding adieu to the previous pious month of Marghazhi in a beautiful event, 'Maharishiyil Marghazhi', a concert by our students supported in Pakka vadhiyam by a parent. The entire day was filled with games and fun activities which had the touch of our regional heritage, like uri adi , rope pulling, grain collecting, rangoli, traditional costumes, traditional cooking of chakkarai pongal and offering it to Sun God, Thirukkural recitation, riding on the bullock cart and many more. These will for sure be nostalgic for the students for years to come.

The 76th republic day celebrations brought out a patriotic vibe in the future generation of tomorrow as our students marched proudly and honoured the chief guest to the beats of our band saluting the fluttering National flag.
